Then these roots open the way for rain, fertilizers and other beneficial things to get into the soil.

Surgeons operated on the wound, but the result is still in doubt.

Marshal McCollum claims that Dr. Purdy made a threatening gesture

The latter went immediately to serve it about twenty minutes after the fight, and met Dr. Purdy in front of the hotel. He while employed in various capacities placed his hand on Dr. Purdy's shoulder and told the doctor he was under arrest. Then, McCollum said, Dr. Purdy made a motion toward his hip pocket and, thinking his life was in danger, he drew his own revolver and fired, the muzzle of the gun being close to the victim's head. At last I decided to take Wine of Cardui. I have now taken three (3) bottles and can say that my health is better than it has been in nine years. Before I began to take Cardui I could not eat anything, could hardly sleep, my back and hips would ache, and then I would be nervous and I was troubled with the whites. Once a month I would have to go to bed for two or three days. Since taking Cardui I do not have to stay in bed more than half a day, and all my troubles have gone. Stomach Distress is A Danger Signal

Gas on the stomach, belchings, pains and weakening perspirations resulting shortly after eating are the signs nature provides as stomach warnings. The most general and only cure for such ailments

is to promptly cleanse the bowels. If the proper physic is taken, relief is almost immediate, but because the proper physic is not taken, chronic cases of constipation, indigestion, dyspepsia and many other ailments that are directly due to these disorders are set up.

The physics usually taken—salts, pills, tablets, etc., do cleanse the bowels but not without causing a great loss of strength. The bowels cannot then perform their functions without another physic and continually a stronger drug is required, until a dangerous "pill habit" has been formed.

Dr. Caldwell's Syrup Pepsin

has a strengthening influence upon the bowels and intestines. It is pleasant to take, does not weaken or gripe, and never establishes the dangerous habit which most other remedies do.

Dr. Caldwell's Syrup Pepsin is sold by all druggists at 50 cents and \$1.00 per bottle.

MUNICIPAL ISSUE.

There can be but one issue in municipal campaign in which no specific question of economics raised, and in which officials are seeking re-election-the record these officials. This is the situation in the councilmanic and aldermanic fight in Paducah, and the men, whose names appear on the ticket posted at our masthead, stand pat on their rec ords. The personnel of the opposing ticket cannot figure in a logical, fair thinking mind, unless that mind dissatisfied with the record made up in the life of the present general council. Newspapers of all parties in the city have had nothing but encomiums and congratulations for the two boards since their organization and yesterday and today their praises were sung in the news and edito rial columns of every paper in Paducah. There is involved in this issue more than the mere rewarding of the individual members of the general council for faithful service. More work than glory is in an election to a council board. But citizens for the welfare of their city, when they have secured a general council composed of representative business men, who have made a clean record for progress and economy, should see to it, not only that an expression of encouragement is registered, but that the council is continued as long as it perseveres in good work. That is the way you do in your business, if you are successful. When an employe pleases you, you keep him. Another may promise as well, may be as intelligent, but may not prove as satisfactory. The same logic applies to city affairs, only in a greater degree. In a man's private business, when he employs a new assistant, he is there to direct the employe until he latter learns his work. Municipal usiness is an untried field to the new official and there is no one to guide him, whom he can trust. He has to deal with interests that have een dealing with the public for

ployes to attend to their end of e transactions. It requires the ser

familiarize the councilman with his duties, and teach him to be wary of tricks. At the end of their first term the councilman and alderman are graduates in the municipal school. If they are honest and faithful their value to the municipality will be increased to an untold extent the second term. It is in the constant shifting of public sentiment that the city so often loses money and prestige. The professional politician in public office, while always making the best beautiful blue grass from which Kenof every personal advantage for his own gain, keeps in touch with the public feeling and guides his conduct so as not to fall foul of any powerful influence. The members of the present general council have kept their eyes on duty all the while. They have cut down the tax rate, built streets and sidewalks, and gut- fited every McCracken county farmer ters and sewers, drained pools, improved the lighting plant and pro- of truck gardening, and told of its tected the city's interests while promoting its healthfulness and appearance, and the people of Paducah are entitled to another two years of this will pay wel for early vegetables. beneficent administration.

It is fortunate that all differences between the delegates representing grow the more tender they are and the upper and lower Ohio river were settled amicably in the Ohio Valley convention at Portsmouth. It has become the custom in America for delegates to anything to consider themselves as representing their own little sections, and to strive in every way to secure their share of the benefits, regardless of the best interests of all concerned. Having got their share "of the swag," they can go home to their constituents and say, "see what we have brought you. But it is a simple matter of common sense to begin the improvements at the month of the Ohio river and go up stream, and to begin at the mouths of the Tennessee and Cumberland rivers. The point is this: If the improvements are made first in the upper river, only that small portion of the river population "ving above the improvement tan encourse of the improvements, whereas it should be Cairo to Pittsburg. By all means begin the work at the lower end of the river where it will do the nost good and where we may get the benefit of it.

Ever since Dowie nstituted his Zion movement he has mpressed it on the converts from the beginning that money talks in Zion, and its language is universal. Truck Gardening. Henry S. Berry, of Owensboro, Ky. delivered a lecture on "Truck Gardening" which it would have beneto have heard. He traced the history modern proportions. The first point in truck gardening is earliness on the market with your stock. People Wet soil is not good for truck raising. The richer the soil the faster vegetables will grow, and the faster they the more palatable.

Potato growing has been revolutionized by the new second crop in the same season. This is done by planting the second crop from the seeds obtained from the first crop The potatoes from the second crop are much better than the first crop. Attention should be paid to the

market and each grower should specialize on those few vegetables, berries or fruits that his soil will best grow. He said that now the south feeds the north in the spring, and the north feeds the south in the fall.

We will be glad to solve this problem for every mother with the items that follow below:

SHARE ACCORDING TO CONTRIBUTION

Is Decision In Regard to Deferred Dividends.

Insurance Case Opinion of Interes Handed Down By the Court of Appeals,

WILL GO TO SUPREME COURT.

Frankfort, Ky., Oct. 20.- The court of appeals today affirmed the case of the United States Life Assurance company of New York versus Harry Spinks, from Campbell county. This case was sent up from Campbell, and the court construes Section . \$8, chapter 690 of the New York statutes, and holds that policyholders must have an annual accounting, and practically knocks out all deferred dividends. The case is one of the greatest importance. Judge O'Rear wrote the opinion, which is exhaus-

The court holds that under the law of New York "dividend additions" means that proportion of the surplus in the bonds of the company accumulated for premiums and profits of the company. It is further declared that a defaulting policyholder's share of the "dividend additions" is to be ascertained as of the dates of the failure to make a y payment of prem iums, on the basis of the American experience table of mortality with interest at 2 per cent. per annum. In other words, the court held that the defaulting policyholder shared in the same proportion that the policy had contributed to the creation of said surplus. In the case a bar, the deferred dividend additions carried a \$25,000 policy on the death of the insured. The case will undoubt dly go to the United States supreme

Telegrams from New York this week have the following in regard to the marriage of a Kentucky boy who is connected and known in this

"The marriage of Miss Jessie Bates, of New York city, and Mr. Will C. Hall, Jr., formerly of Louisville, but now of New York city, was solemuized on Saturday at the Church of the Transfiguration, Mr. Hall, who is a son of Mr. W. C. Hall, of 210 West Hill street Louisville, lost his sigh about five years ago in a most peculiar manner. He awoke one morning to find himself entirely blind without the slightest warning, and after visit ing specialists all over the country their decision was that the blindness was caused by the sudden shock of looping-the-loop at Coney Island. Mr. Hall is now connected with the New York Telephone company, and makes his home in Harlem, where he has an apartment, making the trip to and from his home to business with out the slightest difficulty."

Miss Lillie Mae Winstead and Miss Corinne Winstead have returned home from a visit to Miss Willie Blanche Asher in Atlanta, Ga. The Misses Winstead were the recipiants of much social attention in Atlanta.

Miss Mary Bringhurst, who has been the guest of Miss Julia Scott for a week, left today for Washington. D. C., where she makes her home Miss Bringhurst has a fine civil service position in the census department and was sent out to Louisville to get up some statistics on divorce. After finishing the work there she had three weeks' vacation and has visited relatives in Clarksville, Eddyville and Paducah.

Durnovo had the air of a whipped dog. His mind was a blank. He simply had nothing to say. The humiliation of utter self contempt was his.

"You need not be afraid to come back now." Jack Meredith went on, with a strange refinement of cruelty. And that was all he ever said about
